

SILVER CROSS EMERGENCY MEDICAL SERVICES SYSTEM

TITLE: ALTERNATE RESPONSE VEHICLE

POLICY: IDPH CODE 515.825 and 515.830

Alternate Response Vehicles include Non-Transport vehicles and Ambulance Assistance Vehicles.

- I) **Ambulance Assistance Vehicles** are dispatched simultaneously with an ambulance and assist with patient care prior to the arrival of the ambulance. These assistance vehicles include fire engines, trucks, squad cars or chief's cars that contain the staff and equipment required by this Section. These vehicles will not function as assist vehicles if staff and equipment required by this Section are not available. The agency will identify these vehicles as a program plan amendment outlining the type and level of response that is planned. The vehicle will not transport or be a primary response vehicle but a supplementary vehicle to support EMS services. The vehicle will be dispatched only if needed. Ambulance assistance vehicles will be classified as either:
- 1) ALS ambulance assistance vehicles will be staffed with a minimum of one System authorized Paramedic, PHRN or physician and will have all required equipment;
 - 2) ILS ambulance assistance vehicles will be staffed with a minimum of one System authorized A-EMT/EMT-I, Paramedic, PHRN or physician and will have all required equipment;
 - 3) BLS ambulance assistance vehicles will be staffed with a minimum of one System authorized EMT, A-EMT/EMT-I, Paramedic, PHRN or physician and will have all required equipment;
 - 4) EMR (First Responder) assistance vehicles will be staffed with a minimum of one System authorized EMR, EMT, A-EMT/EMT-I, Paramedic, PHRN or physician and will have all required equipment.
- II) **Non-Transport Vehicles** are dispatched prior to dispatch of a transporting ambulance and will have a transporting ALS ambulance within a 10 minute response time. These vehicles include ambulances and fire engines that contain the staff and equipment required by this Section. The vehicle service provider will identify non-transport vehicles as a program plan amendment outlining the type and level of response that is planned. Non-transport vehicles will be staffed 24 hours per day, every day of the year.
- 1) ALS Non-Transport Vehicles will be staffed with a minimum of either one System authorized Paramedic or PHRN and one additional System authorized EMT, A-EMT/EMT-I, Paramedic, PHRN or physician and will have all required equipment;
 - 2) ILS Non-Transport Vehicles will be staffed with a minimum of either one System authorized A-EMT/EMT-I, Paramedic or PHRN and one additional System authorized EMT, A-EMT/EMT-I, Paramedic, PHRN or physician and will have all required equipment;
 - 3) BLS Non-Transport Vehicles will be staffed with a minimum of either one System authorized EMT, A-EMT/EMT-I, Paramedic or PHRN and one additional System authorized EMT, A-EMT/EMT-I, Paramedic, PHRN or physician and will have all required equipment;
 - 4) EMR (First Responder) Non-Transport Vehicles will be staffed with a minimum of either one System authorized EMR, EMT, A-EMT/EMT-I, Paramedic or PHRN and one additional System authorized EMR, EMT, A-EMT/EMT-I, Paramedic, PHRN or physician and will have all required equipment.

SILVER CROSS EMERGENCY MEDICAL SERVICES SYSTEM**TITLE: ALTERNATE RESPONSE VEHICLE CONTINUED**

- IV) Registration of Non-Transport Provider Agencies: Each non-transport provider will complete and submit to IDPH either the EMS Non-Transport Provider Application or the EMS Non-Transport Application for an Existing Transport Provider, available only from the IDPH official website at <http://dph.illinois.gov/topics-services/emergency-preparedness-response/ems/prov-vehLic>.
- V) Inspection of Non-Transport EMS Providers: IDPH will schedule initial inspections. Thereafter, non-transport ambulance assist providers shall perform annual self-inspections, using forms the Non-Transport Inspection form available at the above link. Upon completion of the self-inspection, forward the completed and signed form to the System for review, who will forward to IDPH for license renewal. IDPH will perform random inspections or as a result of a complaint.
- VI) Issuance and Renewal of License: Upon payment of the fee (when assigned), qualifying non-transport providers will be issued a provider license that lists a number for each level of care approved. Licenses will not be issued for individual Non-Transport Vehicles. Providers will inform the EMS System and IDPH of any modifications to the application, using the System Modification (sys-mod) forms. Licenses will be issued for one year and will be renewed upon receipt of self-inspections.
